

CLASSROOM CHECKLIST

ABOUT THIS ACTIVITY

Students will have a checklist of energy-saving actions to complete daily while in the classroom. These include ensuring the lights are off when no one is in the classroom and unplugging electronics that aren't in use.

GOALS/OBJECTIVES

This activity introduces students to everyday energy-efficient behaviours and gives them pride in knowing they're doing their part to save energy.

LESSON PLAN

What you'll need:

- Laminated checklist
- Dry-erase marker

Instructions:

1. Review the "Energy efficiency at school" presentation with your class to teach your students about the basics of energy efficiency. We can also come to your class to deliver a presentation; email us at hello@generation-e.ca if you're interested!
2. Explain to your students that they'll be working together as a class to ensure their classroom is using energy efficiently.
3. Students will work together to complete the daily tasks on their classroom checklist to save energy.
4. At the end of the day, all items need to be checked off the list.
5. Every morning, the list will be erased, and students will start over.
